THE BUILDING (LOCAL AUTHORITY CHARGES) REGULATIONS 2010

BUILDING CONTROL CHARGES GUIDANCE NOTES (Effective 1 June 2018)

1. GENERAL

Before you carry out building work to which the Building Regulations apply you or your agent must either deposit a Full Plans or Building Notice application together with the appropriate fee (and in the case of a Full Plans application, any relevant plans/calculations). The fee payable is dependent on the type of work carried out and can be determined by reference to the following notes and schedules. You can make an application (including payment) online by visiting www.southernbcp.co.uk

2. CHARGES ARE PAYABLE AS FOLLOWS

Plan Charge: Should you submit a *Full Plans* application you will generally pay a plan charge at the time of submission to cover the plan check elements of the application.

Inspection Charge: With *Full Plans* applications, for most types of work, an inspection charge covering all necessary site visits will be payable after we have made our first inspection. If applicable, you will be sent an invoice for this charge.

Building Notice Charge: If you submit a Building Notice application the appropriate building notice charge is payable in full at the time of submission and covers all necessary checks and site visits in relation to the work described in the notice.

Regularisation Charge: Should you apply for a regularisation certificate in respect of unauthorised building work, commenced on or after 11 November 1985, you will pay a regularisation charge to cover the cost of assessing your application and all inspections. The charge is equivalent to the Building Notice charge (ex VAT) plus 50% (**No VAT is payable on a regularisation charge.**)

Applications cancelled by the applicant or agent: If you choose to cancel the application more than 24 hours after submission we may need to charge you an administration fee for work already carried out to your application. Our minimum charge is **£95.00** + VAT.

VAT: is payable at the standard rate for all charges with the exception of regularisation applications.

Standard Charges: The charges have been set on the basis that the design and building work is undertaken by a person or company that is competent to carry out the relevant design and building works in the standard charges table.

Construction Time Period: If the duration of the building work from commencement to completion exceeds 12 months, the Partnership reserves the right to make supplementary charges.

Exemptions: Where plans have been Rejected, no further charge is payable on re-submission for substantially the same work. Works to provide access and/or facilities in existing dwellings for sole use by a disabled person or their carer are exempt from charges in accordance with Section 4 of The Building (Local Authority) Charges Regulations 2010.

If the conditions specified above are not met, supplementary charges may apply.

NEW BUILD/CONVERSION OF DWELLING(S) & FLAT(S)

Are applicable for up to 5 dwellings where the total internal floor area of each dwelling (excluding any garage or carport) does not exceed 300 m². (The charge also includes erection of a garage up to 40m².)

In any other case we will be pleased to provide an individual quote by contacting us with details of your proposal. (See front cover for contact information or use the [quote form](#) at www.southernbcp.co.uk)
